Remarks

10 beautiful acres, shared well, custom home area with state land at the back door. This is for the buyer who has champagne taste and wants to live in a secluded, low density area. Easy access to the major Hwy to get to Prescott, Las Vegas, Wickenburg or California. The rains have come and the desert floor is beautiful again with mesquite trees and loaded with wildlife. Good footing for the horses, award winning school for the kids and small town hospitality. The 10 can be split once. Builder assistance available as well or will subordinate for builder spec. Ask about owner financing.
